MEDICARE PATIENTS

The annual deductible for all Medicare Part B beneficiaries is **\$226 in 2023**, a decrease of \$7 from the annual deductible of \$233 in 2022. <https://www.cms.gov/newsroom/fact-sheets/2023-medicare-parts-b-premiums-and-deductibles-2023-medicare-part-d-income-related-monthly> **Medicare will pay \$2,230 for PT and SLP combined per calendar.** When that has been reached, we will file using a KX modifier that can continue to \$3,000. We estimate that will allow you 30 visits. At that point in time Medicare may decide that your treatment is not medically necessary, and they may discontinue/ and or retract payments. If that occurs, and you with your therapist decide to continue treatment, it will be on a self-pay basis which is currently \$125 per visit. **I understand I am responsible for any amount not covered by Medicare.**
